NOTES TO THE FINANCIAL STATEMENTS

1 Organisation

Goldman Sachs Funds V (the "Fund" or the "Company") is a "Société d'Investissement à Capital Variable" ("SICAV") incorporated on June 9, 1986 for an unlimited period as a société anonyme (public limited company), governed by Part I of the Luxembourg law of December 17, 2010 as amended, on undertakings for collective investment. It arose from the conversion, on that date, of the collective investment fund Patrimonial created in May 1960.

The Memorandum and Articles of Association of the Company were published in the "Mémorial C, Recueil Spécial des Sociétés et Associations" of the Grand Duchy of Luxembourg and filed with the Register of the Luxembourg District Court where they may be consulted and copies may be obtained upon payment of registry fees.

The Fund is registered with the Luxembourg Register of Companies under number B 24 401.

The Fund currently offers the following share classes to the investors:

Share class name	Description
Capitalisation I	Capitalisation shares reserved to institutional investors.
Capitalisation N	Capitalisation shares that do not pay any rebates and are intended for individual investors in the Dutch market. The maximum management fee for Share-Class "N" is lower than the maximum management fee for Share-Class "P". The fixed service fee for Share-Class "N" is equal to the fixed service fee for Share-Class "P". Subscription and conversion fees are not applicable for this Share-Class type.
Capitalisation P	Capitalisation shares intended for individual investors.
Capitalisation P Hedged*	Capitalisation shares intended for individual investors and denominated in a currency other than the reference currency of the sub-fund. These shares use hedging techniques against the exposure on the reference currency of the sub-fund.
Capitalisation R	Capitalisation shares intended for individual investors who are clients of Distributors which provide investment advisory services based on separate fee arrangements. No retrocessions or rebates are paid. The maximum management fee for Share-Class "R" is lower than the maximum management fee for Share-Class "P". The fixed service fee for Share-Class "R" is equal to the fixed service fee for Share-Class "P". The maximum subscription and conversion fees for Share-Class "R" are equal to those of Share-Class "P".
Capitalisation R Hedged*	Capitalisation shares intended for individual investors who are clients of Distributors which provide investment advisory services based on separate fee arrangements and denominated in a currency other than the reference currency of the sub-fund. No retrocessions or rebates are paid. The maximum management fee for Share-Class "R" is lower than the maximum management fee for Share-Class "P". The fixed service fee for Share-Class "R" is equal to the fixed service fee for Share-Class "P". The maximum subscription and conversion fees for Share-Class "R" are equal to those of Share-Class "P". These shares use hedging techniques against the exposure on the reference currency of the sub-fund.
Capitalisation X	Capitalisation shares intended for individual investors yet differing from Share-Class "P" in that they attract a higher management fee and are distributed in certain countries where market conditions require a higher fee structure.

Share class name	Description
Capitalisation X Hedged*	Capitalisation shares intended for individual investors yet differing from Share-Class "P" in that they attract a higher management fee and are distributed in certain countries where market conditions require a higher fee structure and denominated in a currency other than the reference currency of the sub-fund. These shares use hedging techniques against the exposure on the reference currency of the sub-fund.
Capitalisation Z	Capitalisation shares dedicated to institutional investors that, at the discretion of the Management Company, have signed a special management agreement ("Special Agreement") in addition to their subscription agreement in relation to their investment in the Fund. For this Share-Class, the management fee is levied and collected by the Management Company directly from the Shareholder as determined in the Special Agreement. The investment in this Share-Class requires a minimum holding amount of EUR 5,000,000 or the equivalent in another currency.
Distribution P	Distribution shares intended for individual investors.
Distribution P Hedged*	Distribution shares intended for individual investors and denominated in a currency other than the reference currency of the sub-fund. These shares use hedging techniques against the exposure on the reference currency of the sub-fund.
Distribution R	Distribution shares intended for individual investors who are clients of Distributors which provide investment advisory services based on separate fee arrangements. No retrocessions or rebates are paid. The maximum management fee for Share-Class "R" is lower than the maximum management fee for Share-Class "P". The fixed service fee for Share-Class "R" is equal to the fixed service fee for Share-Class "P". The maximum subscription and conversion fees for Share-Class "R" are equal to those of Share-Class "P".
Distribution R Hedged*	Distribution shares intended for individual investors who are clients of Distributors which provide investment advisory services based on separate fee arrangements and denominated in a currency other than the reference currency of the sub-fund. No retrocessions or rebates are paid. The maximum management fee for Share-Class "R" is lower than the maximum management fee for Share-Class "P". The fixed service fee for Share-Class "R" is equal to the fixed service fee for Share-Class "P". The maximum subscription and conversion fees for Share-Class "R" are equal to those of Share-Class "P". These shares use hedging techniques against the exposure on the reference currency of the sub-fund.
Distribution X	Distribution shares intended for individual investors yet differing from Share-Class "P" in that they attract a higher management fee and are distributed in certain countries where market conditions require a higher fee structure.

*The intention is to hedge full or part of the value of the net assets in the reference currency of the sub-fund or the currency exposure of certain (but not necessarily all) assets of the relevant sub-fund into either the reference currency of the currency hedged share class, or into an alternative currency. It is generally intended to carry out such hedging through the use of various derivative financial instruments including, but not limited to over-the-counter currency forward contracts and foreign exchange swap agreements. Profits and losses associated with such hedging transactions are allocated to the applicable currency hedged share class or classes.

The techniques used for share class hedging may include:

- i. hedging transactions to reduce the effect of fluctuations in the exchange rate between the currency in which the share class is denominated and the reference currency of the relevant sub-fund ("Base Currency Hedging");
- ii. hedging transactions to reduce the effect of fluctuations in the exchange rate between the currency exposure arising from the holdings of the relevant sub-fund and the currency in which the share class is denominated ("Portfolio Hedging at Share-Class Level");

- iii. hedging transactions to reduce the effect of fluctuations in the exchange rate between the currency exposure arising from the holdings of the relevant benchmark and the currency in which the share class is denominated ("Benchmark Hedging at Share-Class Level");
- iv. hedging transactions to reduce the effect of fluctuations in the exchange rate based on correlations between currencies arising from the holdings of the relevant sub-fund and the currency in which the share class is denominated ("Proxy Hedging at Share-Class Level").

During the reporting period ended 31 March 2024, only "Base Currency Hedging" was used.

The investors must be aware that every share class is not offered by every sub-fund of the Company.

Investment Objective Policies

Shareholders are advised that detailed investment policies of each sub-fund are described in the prospectus, which is made available to the shareholders at the Company's website and at the Company's registered office identified in this report. The prospectus will also be sent free of charge to anyone who so requests.

2 Significant Accounting Policies

2.1 Basis of Preparation of Financial Statements

The financial statements are prepared under a going concern basis of accounting and presented in accordance with Luxembourg legal and regulatory requirements relating to the preparation and presentation of the financial statements.

2.2 Operating Expenses

Operating expenses (including custody expense, fund administration expense, management fees, subscription tax and other expenses) are recognised on an accrual basis.

2.3 Investment Transactions and Related Investment Income

Investment transactions are recorded on a trade date basis in accounting. Realised gains and losses are based on the average cost method.

Dividends are accounted for on the ex-date. Dividend income are recognised on a gross basis before withholding tax, if any.

Interest is accrued on a daily basis.

Interest income includes accretion of market discount, original issue discounts and amortisation of premiums and is recorded into income over the life of the underlying investment.

2.4 Transaction Costs

The sub-funds of the Fund incurred transaction costs which have been defined as brokerage fees relating to purchases or sales of transferable securities, money market instruments and financial derivative instruments (or other eligible assets traded in by the sub-funds) and/or commissions relating to subscriptions or redemptions of UCITS/UCI shares/units, if applicable.

In case of cross-investments or investments in the shares/units of other UCITS and/or other UCIs that are managed directly or by delegation by the Management Company (the "GSAM funds"), no transaction costs are applicable.

Transaction costs are included in the purchase/sale price of the securities (if any). These costs, which are not treated as operating expenses, are not included in the calculation of the ongoing charges.

Please refer to Note 10 for details of the sub-funds that incurred separately identifiable transaction costs.

Transaction costs for fixed income investments, forward currency contracts and other derivative contracts are not separately identifiable. For these investments, transaction costs are included in the purchase and sales price and are part of the gross investment performance of each sub-fund.

2.5 Due to/from Brokers

These accounts represent the amount that the sub-funds owes to brokers ("Due to Brokers") or that brokers owe to sub-funds ("Due from Brokers"). The due to/from brokers relates to cash held at brokers and/or counterparties for derivative contracts.

2.6 Expenses Payable

This account represents the expenses that still have to be paid on the balance sheet date. These may include various costs that the Fund has to incur, such as Taxe d'abonnement Expense Payable or Shareholder Service Expense Payable.

2.7 Financial Investment in Securities and Valuation

2.7.1 Recognition

The sub-funds recognise financial assets and financial liabilities on the date they become a party to the contractual provisions of the investment. Purchases and sales of financial assets and financial liabilities are recognised using trade date accounting. From trade date, any unrealised gains and losses arising from changes in value of the financial assets or financial liabilities are recorded in the Statement of Operations.

2.7.2 Value Measurement Principles

The value of all securities and derivatives is determined according to the following policies:

Exchange Listed Assets and Liabilities

The value of exchange traded financial investments, including transferable securities admitted to an official listing or to any other regulated market are valued at the last known prices. If these transferable securities are traded on several markets, the valuation is made on the basis of the last known price on the main market on which the transferable securities are listed.

Debt Securities

Debt securities, comprising bonds, are valued clean (excluding interest receivable). The last known price used for the bonds is the bid price.

Shares in Collective Investment Schemes

The value of investments in open ended investment funds are valued based upon the official net asset values per share as at the last available date as supplied by the funds, in accordance with the valuation policy of the applicable fund as outlined in its prospectus.

Realised gains and losses on securities portfolio are calculated on the basis of the average cost of securities sold.

Derivatives

A derivative is an instrument whose fair value is derived from an underlying instrument, index reference rate or a combination of these factors. Derivative instruments may be privately negotiated contracts which are often referred to as over the counter ("OTC") derivatives or they may be listed and traded on an exchange. Derivative

contracts may involve future commitments to purchase or sell financial instruments or commodities at specified terms on a specified date, or to exchange interest payment streams or currencies based on a notional or contractual amount.

Derivative contracts are stated at fair value and recognized as financial assets and financial liabilities on the Statements of Net Assets. Gains and losses resulting from the change in the fair value are reflected on the Statements of Operations as a component of change in unrealized gain/(loss). Realized gains or (losses) are recorded on termination or from periodic cash flow payments.

Forward Foreign Currency Contracts

The forward foreign exchange contracts represent obligations of purchase or the sale of foreign currency on the basis of future exchange rates determined at a fixed price at the time of conclusion of the contracts. The unexpired forward foreign exchange contracts are valued at the last "forward" rate available on the valuation dates or at the balance sheet date and unrealised appreciation or (depreciation) are recorded. Positive fair values of forward foreign exchange contracts are disclosed as assets and negative fair values as liabilities in the Statement of Net Assets. Realized gains or (losses) and changes in unrealized results are recorded in the Statement of Operations.

Futures Contracts

Futures contracts are valued based on the last available market price. Initial margin deposits are made upon entering into futures contracts. Variation margin payments are made or received, depending on the daily fluctuation in market value of the contract and are recorded by the fund as unrealized appreciation and depreciation. Positive fair values of futures instruments are disclosed as assets and negative fair values as liabilities in the Statement of Net Assets. Realized gains or (losses) and changes in unrealized results are recorded in the Statement of Operations. For the calculation of net holdings by currency on financial instruments, the holdings are converted at the exchange rate prevailing at the period end.

All Securities and Derivatives

If a quoted market price is not available from a third party pricing service or a dealer, or a quotation is believed to be materially inaccurate, the market value of the investment is determined by using valuation techniques. Valuation techniques include the use of recent market transactions, reference to the current market value of another investment that is substantially the same, discounted cash flow analyses or any other techniques that provides a reliable estimate of prices obtained in actual market transactions. Such securities and derivatives shall be valued at their fair value as determined by the Valuer. The Valuer is appointed by the Management Company. The Valuer also has direct responsibilities to the Board of Directors for certain valuation functions, which are ultimately reflected in the financial statements. The Valuer during the period ended 31 March 2024 was GSAM BV Product Controllers Division ("Controllers").

The investments have been valued in accordance with Luxembourg legal and regulatory requirements that may require the use of certain estimates and assumptions to determine value. Although these estimates and assumptions are based on the best available information, actual results could be materially different from these estimates.

2.8 Cash

Cash is valued at cost, which approximates market value.

Cash in currencies other than the reference currency of the sub-fund is converted into reference currency at the foreign exchange rate prevailing on the date of valuation. Foreign currency exchange differences arising on translation are recognised in the Statement of Operations and Changes in Net Assets as realised gains or (losses) on currency.

2.9 Foreign Currency Translation

The books and records of all sub-funds are maintained in their base currency. Transactions in foreign currencies are translated at the foreign currency exchange rate in effect at the date of the transaction. Assets and liabilities denominated in foreign currencies are translated into base currency at the foreign currency closing exchange rate in effect at the period end date.

Foreign currency exchange differences arising on translation and realised gains and losses on disposals or settlements of assets and liabilities are recognised in the Statement of Operations. Foreign currency exchange gains or losses relating to investments, derivative financial investments, and all other foreign currency exchange gains or losses relating to monetary items, including cash and cash equivalents, are reflected in the net realised gain/(loss) or net change in unrealised gain/(loss) in the Statement of Operations.

2.10 Swinging Single Pricing

A sub-fund may suffer "dilution" of its net asset value per share because the price at which investors subscribe or redeem shares of the sub-fund, does not reflect the dealing and other costs that arise when trading is undertaken by the Investment Manager to accommodate the cash inflows or outflows related to these subscriptions or redemptions.

In order to counter this impact, a Swinging Single Pricing mechanism (SSP) may be applied to compensate expected transaction costs resulting from the difference between capital inflows and outflows. If on any valuation day, the aggregate net transactions in shares of a sub-fund exceed a pre-determined threshold, the net asset value per share may be adjusted upwards or downwards to compensate expected transaction costs related to these net capital inflows or outflows respectively by a pre-determined swing factor. The net inflows and net outflows will be determined by the Board of Directors based on the latest available information at the time of calculation of the net asset value per share.

Such predetermined threshold and swing factors are reviewed on a regular basis and may be adjusted. The maximum Swing Factor is 1.50% of the respective sub-fund's Net Asset Value except for sub-funds investing in fixed income instruments which may apply a maximum Swing Factor of 3.00%.

In exceptional market circumstances, in the case of large volumes of subscription, redemption or conversion requests that may have an adverse effect on the interests of Shareholders, the Board of Directors may, at its own discretion, authorize a temporary increase of a Swing Factor beyond the maximum Swing Factor. Exceptional market circumstances can be characterized among others as periods of increased market volatility, lack of liquidity, challenges in dealer intermediation, disorderly trading conditions, dislocated markets, disconnect between market pricing and valuations and could be the result of force majeure (acts of war, industrial action, civil unrest or cyber sabotage, among others).

The current levels of thresholds and Swing Factors for each sub-fund are disclosed and updated on the website: www.gsam.com/responsible-investing.

The sub-funds have not applied the swinging single pricing mechanism through the reporting period ended 31 March 2024.

As at 31 March 2024, no swing pricing adjustment was applied.

3 Taxation

The Company is liable in Luxembourg to a subscription tax ("Taxe d'abonnement") of 0.05% per annum of its net assets, such tax being payable quarterly and calculated on the net asset value at the end of the relevant calendar

quarter. However, this tax is reduced to 0.01% per annum on the net assets of money market Sub-Funds and on the net assets of Sub-Funds and/or Share-Classes reserved for Institutional Investors as prescribed by Article 174 (II) of the Law of 2010.

No subscription tax is paid on the assets held by the Company in other UCIs already subject to that tax in Luxembourg.

The Company may be subject to withholding taxes at varying rates on dividends, interest and capital gains, in accordance with the tax laws applicable in the countries of origin of such income. The Company may in certain cases benefit from reduced tax rates under double tax treaties which Luxembourg has concluded with other countries.

4 Distributions

The Fund intends that substantially all the net investment income, if any, of each sub-fund will be declared as a dividend and paid at least annually to the Shareholders of the Distribution Share Classes of the sub-funds. Net capital and currency gains realised on each sub-fund's investments and/or capital attributable to certain Share Classes may also be distributed to Shareholders of certain Distribution Share Classes of the sub-funds.

Please refer to the Prospectus for further details about distribution policies.

5 Management Fees

In accordance with the terms and conditions of the "Collective Portfolio Management Agreement" between Goldman Sachs Asset Management B.V. and the SICAV, the sub-funds pay Goldman Sachs Asset Management B.V. an annual management fee calculated on the average net assets of each class of shares as described in the table below. This fee is payable monthly in arrears.

As at 31 March 2024 the effective management fees rates are as follows:

Sub-funds	Management fees rate (p.a.)					
	Class I (in %)	Class N (in %)	Class P (in %)	Class R (in %)	Class X (in %)	Class Z* (in %)
Goldman Sachs Patrimonial Aggressive	0.60	-	1.20	0.60	2.00	0.00
Goldman Sachs Patrimonial Balanced	0.60	-	1.20	0.60	2.00	0.00
Goldman Sachs Patrimonial Defensive	0.60	-	1.20	0.60	2.00	0.00
Goldman Sachs Patrimonial Balanced Europe Sustainable	0.60	0.50	1.20	0.60	2.00	-

* for this share class, the management fee is not charged to the share class. Instead, a specific management fee is levied and collected by the Management Company directly from the shareholders.

In the case where the sub-funds invest in the units/shares of other UCITS and/or other UCIs that are managed directly or by delegation by the Management Company or by any other company with which the Management Company is linked by common management or control or by a substantial direct or indirect holding, the management fees paid by the UCITS and/or UCIs will be deducted from the management fees paid to the Management Company.

The sub-funds Goldman Sachs Patrimonial Aggressive, Goldman Sachs Patrimonial Balanced and Goldman Sachs Patrimonial Defensive have more than 50% of their respective net assets invested in other UCITS/UCI, managed directly or by delegation by the same Management Company. The maximum management fee rate charged to these sub-funds and the UCITS/UCIs in which they are invested are as follows:

Sub-funds	Maximum management fee rate %
Goldman Sachs Emerging Markets Enhanced Index Sustainable Equity - Z Cap EUR*	-
Goldman Sachs Emerging Markets Hard Currency Sovereign Debt Optimised Index - I Cap EUR (hedged i)	0.25

Goldman Sachs Sustainable Yield Opportunities - Z Cap EUR*	-

* for this share class the management fee is not charged to the share class. Instead a specific management fee is levied and collected by the Management Company directly from the shareholders.

In the case where the management fees paid by the investee funds exceed the management fees to be paid by the sub-funds of the Fund, the balance ("management fees excess") is recorded in the item "Other income" in the statement of operations and changes in net assets.

6 Fixed Service Fees

A fixed service fee is charged at the level of the share classes of each sub-fund. The fixed service fee is paid to the Management Company and used by the latter to pay in the name of the Company the administration fees, the depositary fees, the transfer agent fees, the Belgian subscription tax and other on-going operating and administrative expenses billed to the Company.

The fixed service fee is fixed in the sense that the Management Company will bear the excess of any expenses above the paid fixed service fee for each share class of each sub-fund.

Conversely, the Management Company will be entitled to retain any amount of service fee charged to the share class which exceeds the actual related expenses incurred by the respective share class.

This fee, calculated on the average net assets of each share class and is payable monthly in arrears.

As at 31 March 2024, the effective fixed service fees rates for the active share classes are as follows:

Sub-funds	Fixed services fees rate (p.a.)					
	Class I (in %)	Class N (in %)	Class P (in %)	Class R (in %)	Class X (in %)	Class Z* (in %)
Goldman Sachs Patrimonial Aggressive	0.15	-	0.15	0.15	0.15	0.15

8 Statement of Changes in each Portfolio

These changes are made available to the shareholders at the Company's registered office as well as at the distributors identified in this report. They will also be sent free of charge to anyone who so requests.

9 Cash Collateral Information

In order to reduce the counterparty risk linked to over-the-counter financial derivative instruments, the Company received/delivered cash collateral from/to the counterparty as listed below.

The table below provides the cash collateral balances due from / due to brokers in relation to the following investments held as at 31 March 2024:

Sub-funds	Currency	Due from / Due to brokers	Investment type	Cash collateral balances
Goldman Sachs Patrimonial Aggressive	EUR	Due to	OTC Derivatives	154,000.00

Sub-funds	Currency	Due from / Due to brokers	Investment type	Cash collateral balances
Goldman Sachs Patrimonial Balanced Europe Sustainable	EUR	Due from	OTC Derivatives	339,000.00
Goldman Sachs Patrimonial Balanced Europe Sustainable	EUR	Due to	OTC Derivatives	1,434,000.00

10 Transaction Costs

For the period ended 31 March 2024, the amount of transaction costs incurred by each sub-fund is detailed in the following table:

Sub-fund	Currency	Transaction costs
Goldman Sachs Patrimonial Aggressive	EUR	7,767.56
Goldman Sachs Patrimonial Balanced	EUR	16,736.53
Goldman Sachs Patrimonial Defensive	EUR	6,634.74
Goldman Sachs Patrimonial Balanced Europe Sustainable	EUR	247,459.83

11 Overlay Fees

The Management Company may be entitled to receive a uniform Share-Class Overlay fee of maximum 0.04% which is to be paid from the assets of the applicable Share-Class and based on actual costs. The Share-Class Overlay Fee is accrued at each calculation of the Net Asset Value and is set as a maximum in the sense that the Management Company may decide to lower the Overlay Fee charged to the respective Share-Class if economies of scale will allow.

The Overlay Fee will be applicable to all the currency hedged share-classes. In case of Z share-classes those fees may be specified in the Special Agreement which will be levied and collected by the Management Company directly from the Shareholder and not charged directly to the respective Share-Class.

As at 31 March 2024, the overlay fee is 0.021%.

OTHER INFORMATION TO SHAREHOLDERS

ALFI Code of Conduct

It is hereby confirmed that Goldman Sachs Funds V adheres and complies to the principles of the ALFI “Code of Conduct for Luxembourg Investment Funds”.

Portfolio Turnover Ratio

The Portfolio Turnover Ratio is an indicator of the relevance of the additional costs incurred by a fund when buying and selling investments according to its investment policy.

The Portfolio Turnover Ratio is calculated using the method described below:

$$\text{Turnover} = [(Total\ 1 - Total\ 2)/M]*100$$

Total 1 = Total securities transactions during the period = X + Y
 X = purchases
 Y = sales

Total 2 = Total capital transactions during the period = S + R
 S = subscriptions
 R = redemptions

M = Average Net Assets

The Portfolio Turnover Ratio is expressed as a percentage. The Portfolio Turnover calculation excludes the trades instructed into Liquid Euro and Liquid Euribor 3M (sub-funds of Goldman Sachs Funds VI umbrella), which are linked to cash facility management.

As at 31 March 2024, the Portfolio Turnover Ratio is as follows:

Sub-funds	Portfolio Turnover Ratio (%)
Goldman Sachs Patrimonial Aggressive	11.80%
Goldman Sachs Patrimonial Balanced	4.21%
Goldman Sachs Patrimonial Defensive	3.59%
Goldman Sachs Patrimonial Balanced Europe Sustainable	44.90%

Information to Shareholders

Under the Belgian Finance Act of December 22, 2003, that came into effect on January 1, 2004, a 0.06% yearly tax was applied on all money originating from Belgium included in the Company at December 31 of the prior year. This tax rate has been increased to 0.07% in 2005, to 0.08% in 2007, to 0.0965% in 2013 and decreased to 0.0925% from 2014 onwards.

The Company has lodged a complaint with the European Commission against the Belgian State for this tax to be recognized as contravening the Community law. That complaint has been rejected by the European Commission. Following another complaint introduced by the Company before the Belgian Courts, the Brussels Court of First Instance has delivered a positive judgement condemning the Belgian State to refund the amounts unduly paid. The Belgian State has, however, appealed against that decision. On November 29, 2018, the Court of Appeals of Brussel rendered its decision. The decision of the Court upheld the judgement of the Brussels Court of First Instance which had ordered the Belgian State to reimburse the Belgian yearly tax levied on the Luxembourg fund. The Belgian State has filed an appeal before the Belgian Supreme Court. On April 13, 2022 the decision of the Belgium Supreme Court was published: the Supreme Court annulled the Brussels' Court of Appeal positive decision, so basically denying a refund to claimants. The Liege Court of Appeal now has to take a final decision which is currently pending. We, as Management Company, have provided additional arguments to the Court of Appeal.
